At Luscombe, we're passionate about making the very best tasting organic drinks. We source the finest quality organic whole fruits from trusted growers worldwide and then blend these with Dartmoor spring water, drawn from a source on the farm where we make our drinks.

With a royal warrant in hand, over 100 Great Taste Award stars from the Guild of Fine Food and an abundance of positive customer reviews, we know you'll love them.

*For over twenty years, our founder, Gabriel, has been travelling the world to find the finest quality organic fruits to create our award-winning soft drinks.*

*We source our lemons from a farmer who grows them on the rich volcanic soil of Sicily where the long days of sunshine give the fruit an intense sweetness to balance their natural acidity.*
